Professional Skills

Coding:

Java, C++, Flutter, Python, HTML/CSS, JavaScript, Node.js, Git, Sass

Design:

Figma, Adobe XD, Canva, Balsamiq, InVision

Project Management:

Planning, prioritisation, Kanban, documentation, research, communication, teamwork

Personal Profile

I am a Computer Science sophomore with a passion to solve the world's problems with tech and design. As a curious and detail-oriented individual, I love to take initiative to try out new projects with my skills in software engineering, UI / UX and project management.

Education

National University of Singapore (NUS)

Bachelor of Computing, Computer Science

AUGUST 2020 - PRESENT

- Minor in Entrepreneurship
- Specializing in Artificial Intelligence

Doha Modern Indian School, Qatar

High School Graduation, Science stream

APRIL 2006 - MARCH 2020

- Discipline-in-Charge, Student Council
- Won Taleb Scholarship 7 times for best academic performance
- Event manager for major annual functions
